## EXPERIENCE & RELEVANT EDUCATION

### WEB DEVELOPER
*Dev Bootcamp | Seattle, WA | June - November 2017*
- With strict time constraints, utilized previously unfamiliar technologies to develop applications during intensive full-stack web development program.
- Leveraged communication skills and technical knowledge to provide constructive feedback to team members and ship more features than other teams.
- Voted "Master Debugger" by fellow developers.

### COMPUTER SCIENCE STUDENT
*Seattle Central College | April 2016 - June 2017*
- 4.0 GPA in HTML/CSS, Database Design, Python, Object-Oriented Design with Java.

### E-COMMERCE ASSISTANT MANAGER | BOOK SUPERVISOR | BOOK LEAD | BOOK LISTER
*Seattle Goodwill | November 2013 - August 2017*
- Hired 20 people and promoted 4, growing the team from 20 people to 35 during major business transitions.
- Debugged critical software and machines to shorten downtime and keep business operating.
- Promoted 3 times within 3 years for maintaining 98% positive marketplace feedback ratings and communicating effectively with vendors and customers.
